## PROJECTS

### BudgetBox, 1 Month(s)

- This project is an online ledger where you can track your expenditure and income at a glance, and effectively monitor your spending and save time from the tedious process of bookkeeping. We have diagrammatic and graphical representations to enhance your understanding. This gives you the ability to sync and manage your entire bookkeeping in a single app.

### FlowerShop, 1 Week(s)

- With this project, we have ensured that shopping for flower bouquets is a relaxed and enjoyable experience for you by ensuring that user adaptability is super easy and fun. With a simple click of a button, you can add, select, unselect, and redo your cart section in case you change your mind. What is more, the website hosts a variety of rare flower bouquets sourced from over the world

### SlidingPuzzle, 1 Day(s)

- This app is just a simple gaming app where here in this app you have blocks of 15 and then when you click on the start game app then the game starts untill you arrange them in order it continues.

## WORK EXPERIENCE

### Tech Is, August 2021 - Present

- Full stack developer
